RALEIGH IN BRIEF.

LOCAL HAPPENINGS IN AND AROUND THE CAPITAL.

Short Items of News Gathered on the Fly by the Chronicle's Reporters.

The Raleigh people are coming back from Richmond. The Governor's Guard returned yesterday afternoon. They report a great day and a big time.

A game of baseball was played yes-terday by the "Shanghai Nine" and the A. and M. College club. The score was eight to six in favor of the "Shanghais."

Yesterday was decoration day at the Federal cemetery. Quite a number of people went out to the cemetery, and at 6 o'clock p. m., the graves of the warriors who wore the "Blue" were strewn with choice flowers.

Ail the members of the "Boys' Brigade" and the "Young Ladies' and Chil dren's Divisions" of the "Busy Bee Band" are requested to meet in the lec-ture room of the First Presbyterian church this afternoon at 5 o'clock.

There is some of the right sounding talk about building a big hotel now. If Raleigh people do not attend to this matter some other people will; and then it is likely that Raleigh people will buy out the hotel at a pretty heavy advance.

There was a very select audience a Peace Institute last night to witness the Class Day exercises. The young ladies were delightfully entertaining, presenting in here returned to their homes yesterday. a most captivating manner, the programme as announced the day before.

Next Monday is the time for the annual meeting of the magistrates of the county commissioners will be elected and the tax levy made for next year. The county superintendent of public instruction is also to be elected.

A Raleigh gentleman said yesterday surance. That's about as much as the sult of his patriotism. Southern cotton crop is worth, and that's one reason why there are some poor THAT HOTEL AND ANOTHER folks in the South.

The delay in the beginning of work on the new Union depot is causing the doubting Thomases to begin their carping again. South Carolina has fish laws similar to those of this State.

Commissioner Robinson yesterday received the following letter from Mr. A. P. Butler, commissioner of agriculture of South Carolina:

"We are doing everything in our power to enforce the fish laws in this State, so that shad and other tish may reach their spawning grounds at the foot of the mountains in both your M. We will do all we can to have the obstruction at Grassy kinson, of Selma, who have been visiting | Islands removed, and in this connection will call your attention to dams on the Pee Dee, just within the bounds of your State, operated by Mr. Pegues at one point and Mr. Harrington at another.
